

**LSB Consulting Engineers** is a well-established, Spokane-based consulting firm with a history of delivering exceptional structural design solutions throughout the Pacific Northwest on a wide range of commercial buildings, municipal structures, and industrial facilities. We currently have an opportunity for a full-time **Structural Engineer** to join our team of talented professionals. Minimum technical requirements include the following:

- Bachelor's Degree in Structural Engineering or Civil Engineering with a structural focus.
- 4 years or more of progressive engineering experience, preferably in a consulting office.
- EIT Certification, PE License in Civil or Structural Engineering preferred.
- Demonstrated design capabilities using steel, concrete, timber, and masonry.
- Working knowledge of IBC and ASCE 7 Code Requirements for Structural Design.
- Relevant experience with analysis software such as Enercalc, RISA-3D, & RISAFloor.
- Proficient AutoCAD skills and familiarity with Revit BIM software.

Are you looking to make a big impact in a company where your voice truly matters? We are a small, growing business seeking dedicated individuals to join our close-knit team. Working with us offers a unique and rewarding experience, and here's why:

- **Flexibility & Autonomy:** You won't be just another number. You'll have the freedom to take ownership of your role, make decisions, and bring your ideas to life.
- **Team Culture:** Enjoy a supportive, collaborative environment where everyone knows your name. Every team member's work is visible and appreciated, and you'll have direct access to leadership, which fosters personal growth and professional development.
- **Immediate Impact:** Your work makes a difference, and your daily efforts contribute directly to the growth and success of the company.

What We're Looking For:

- Passionate, driven individuals who enjoy taking initiative.
- Strong problem solvers who can think creatively and adapt quickly.
- Team players who are excited to collaborate and help each other succeed.
- People who value a positive work environment and are committed to contributing to the company's culture.

Our compensation package includes:

- Starting annual salary: \$72,000 and up, depending on experience and licensure status.
- Benefits Include: 7 annual paid holidays, 15 paid PTO days for sick and/or vacation time per year to start, 401(k) retirement plan, medical, vision, dental, and FSA.
- Always looking to add more!

If you're ready to be part of something special, apply today! All prospective team members are requested to submit a cover letter and current resume to [contact@lsbengineers.com](mailto:contact@lsbengineers.com).
